A horizontal bar chart titled '2019' showing the number of people in the population aged 15 and over, categorized by sex and age group. The y-axis lists three age groups: 1, 2, and 3. The x-axis represents the number of people, with values ranging from 0 to 34. For each age group, there are two bars: a light blue bar for 'Male' and a light red bar for 'Female'. The data values are as follows:

Age Group	Male	Female
1	21	34
2	20	20
3	15	12
